

# Adrian Yoris Mbake Woka

## SOFTWARE DEVELOPER

I am a motivated and detail-oriented software developer with internship experience in **Oracle APEX**, **Oracle Integration Cloud**, **Odoo ERP**, and **EDI systems**. I enjoy solving complex problems by optimizing workflows, automating processes, and integrating systems to improve efficiency and reduce costs. With a strong interest in **software development and data-driven solutions**, I am eager to contribute my skills in API integration, system automation, and reporting to create impactful business solutions.
